

PIONEER IN  
**EPC SERVICES  
AND  
TRADING BUSINESS**

# Supplier & Solution Provider in Association With:

Cable Routing Systems, LFS

1. Connection and Fastening system, VBS
2. Transient and lightning protection systems, TBS
3. Cable Support Systems, KTS.
4. Cable Routing System, LFS.
5. Under Floor System, UFS.
6. Fire Protection System, BBS.
7. Earthing System and Surge Protection Devices.

Earthing System and Surge Protection Devices

Insulation Monitoring Devices, A-Isometer

1. Insulations Monitoring Devices, A-Isometer.
2. Insulation Fault location System, EDS.
3. Residual Current Monitoring System, RCMS.
4. Current and Voltage Relays.
5. Power Quality Analyser.
6. Hospital Isolation Panel.
7. Surgeon Control Panel.

Insulation Fault Location System, EDS

MOELLER

An Eaton Brand

Cutler-Hammer

EATON

Powering Business Worldwide

MCB, RCD, SPDs & Distribution Boards

1. MCB, RCD, SPDs & Distribution Boards.
2. Motor Contractors DIL, Motor Protective circuit - breakers PKZ, Starters MSC.
3. Circuit Breakers NZM, Switch - Disconnectors PN/N.
4. Control Circuit Devices (Foot & Plam, Position, Rotary).
5. Variable Frequency Drive.
6. RCBO (RCD + MCB) Type PKNM.
7. PDIM Leakage Current Monitor.
8. Surge Arrester.
9. Distribution Board.

Motor Contractors DIL, Motor Protective Circuit-breakers PKZ, Starters MSC

### Cable Jointing & Termination Kit (Indoor & Outdoor)

1. Cable Jointing & Terminating kit (Indoor & Outdoor).
2. Complete Trailing Cable jointing & repairing solutions.
3. Resin Solutions.
4. Electrical Tapes for Maintenance & Repair Applications.
5. OEM Tapes & Insulation paper solution.
6. Aerosols & cleaning solutions.
7. Insulations Enhancement System.

OEM Tapes & Insulation Paper Solution

### Pipeline Protection System (Oil & Gas)

1. Perimeter Intrusion Detection System.
2. Pipeline Protection System (Oil & Gas).
3. Data Security System.

**FUTURE FIBRE  
TECHNOLOGIES**

### Building Management System

1. Air Handling Unit Controllers.
2. Building Management System.
3. Building Energy Management System.
4. LV modular Switches and MCBs.
5. Pressure Reducing Valves (Water).
6. Enviroments & Combustion Controls (Valve for Water Controls).

Building Energy management System

## MEDIUM VOLTAGE SOLUTION

1. VCB Indoor panel and VCB Outdoor structure mounted (11kV & 33kV).
2. SF6 Outdoor CB (11kV & 33kV).
3. RMU Indoor & Outdoor (11kV & 33kV).
4. Compact Secondary Substation - CSS / PSS (11kV & 33kV).
5. Protective relays and relay control panel (11kV & 33kV)
6. Dry oil type Transformer indoor & Outdoor.
7. Auto Reclosures / Sectionalizer (11kV & 33kV)
8. Fault passage Indicators for overhead lines.
9. Substation automation.
